Middle-of-Year Reminders and Updates

It's time to begin preparing for Middle-of-Year (MOY) TPRI administration. TPRI recommends MOY administration begin mid-January with a 2 week administration window. Although it is helpful to keep this recommendation in mind, individual schools and districts set the specific dates for their administration windows to open and close.

MOY administration reminders for each grade level are discussed in the sections that follow. Please take a few minutes to become familiar with the differences between BOY and MOY administration before sitting down with your first student. For example, there is no screening at this time point. We also encourage you to view the **Middle-of-Year Reminders and Updates slideshow**. The slideshow provides helpful reminders, tips and general information.

Kindergarten Administration Reminders

All students should complete the Listening Comprehension portion of the TPRI. For students who took the PA and GK portions of the assessment at BOY, you will need to administer those portions again. Do not administer PA and GK tasks where the student scored Developed (D). Instead, begin with tasks where the student scored Still Developing (SD) at BOY. If students did not take the PA and GK portions at BOY but you wish to gather more information about them, then you may administer the PA and GK portions at MOY. If you choose to do this, remember to begin with PA-1 and then follow the Branching Rules as you would with any student.

Grade 1 Administration Reminders

All students will take the Word Reading and Story Reading portions of the Inventory. Remember to record student reading errors during the Word Reading task so that you can analyze the errors later. This information is critically important to capture so that you can make instructional choices based on data. Like Kindergarten, students who took the PA and GK portions of the assessment at BOY will need to take those portions again at MOY. Do not administer PA and GK tasks where the student scored D at BOY.

Happy New Year!

As we welcome the new year, the TPRI team would like to thank you for your work with students and for supporting the TPRI. We look forward to supporting you in 2017. Tell us how we can help:

Grades 2 & 3 Administration Reminders

All students will complete the Story Reading portion of the Inventory. For the Spelling and Word Reading tasks, administer all sets where the student scored SD at BOY. Students who scored D on all Spelling and Word Reading sets at BOY do not complete these tasks. If you choose to administer the Spelling task whole-class, you may have everyone spell all of the words regardless of BOY scores. Remember to record student errors during the Word Reading task. Be sure to go back and analyze Spelling and Reading errors to help plan additional targeted instruction.

Quick Review

Quick Review Sheets have been created to provide teachers with administration information at a glance. They can be folded in half and placed in the Teacher's Guide to refer to as needed. There is a Quick Review Sheet available for each grade level.

Identifying Students for Intervention

TPRI offers a tool to help schools and districts set criteria for identifying students who may require intervention. The *Expanded Sample TPRI Criteria* can be modified to meet the needs of an individual school or district. This criteria serves as a sample. It is important for schools to set criteria that works for the population of students served and the resources available. The *Expanded Sample TPRI Criteria* can also be used by teachers to develop reasonable expectations for students at each time point. It is organized by grade level and time point (BOY, MOY and EOY)

and includes a description that explains the various ways it may be used.
