GK-56 Digraph Word Puzzles

Blackline Master available
www.tpri.org

Students practice recognizing digraphs and blending digraphs with other letters to make words.

MATERIALS: Word list, index cards, scissors, envelopes, marker

- Write words containing a digraph previously taught on index cards, one word per card.
- Cut each word card into two pieces between the digraph and the remainder of the word.
- Place eight to 10 pieces in each envelope, making sure both parts of a word are included. Pass out to students.
- Students assemble the digraphs and word parts to make real words.
- After you check their work, students exchange envelopes until they've assembled words from all envelopes.

EXAMPLE:

Digraphs							
ck	ch	tch	wh	ng	dge	sh	th
sick	chance	catch	whale	king	bridge	shack	than
pick	cheese	patch	wheel	bring	fudge	she	that
wreck	chop	ditch	when	sing	lodge	shell	bath
trick	beach	stretch	why	long	pledge	shop	tooth
track	teach	scratch	while	strong	badge	blush	mouth

PREPARATION OF MATERIALS: Print all 6 sets of word cards. Cut word cards apart and place the pieces into envelopes. Label the envelopes with the set number to help you keep track of the words. Follow the directions for play.
