GK-98 Homonym Definition Matching

Blackline Master available 
www.tpri.org

Students match homonyms with their definitions.

MATERIALS: Homonym list with definitions, white and colored index cards, marker

- 1 Create two cards for each pair of homonyms. On white index cards, write only the homonym. On colored index cards, write the homonym on one side and a brief definition or description of it on the other side.
- 2 Arrange the white cards face up on one side of a table. On the other side, place the colored cards with the definition face up.
- 3 Playing independently or in teams, students try to match a white homonym card with a colored definition card. Students check their answers by turning over the colored card. If correct, the student keeps the card.
- 4 Play continues until all cards are picked up. If time permits, lay out the cards and play again.

PREPARATION OF MATERIALS: Print the Homonym Word Cards on one color of paper and the Definition Cards on another color. Cut the Homonym Word Cards apart. As you cut the Definition Cards apart, print the homonym on the back of each card. The Definition Cards are printed in the same order listed below. Follow the directions for play.

Set 1 Homonym Word Cards	
week	weak
threw	through
soar	sore
pale	pail

Set 2 Homonym Word Cards	
pear	pair
our	hour
mail	male
cent	scent
